The heart of Vollpension:  
Our baking grannies and grandpas  
and their home-made cakes

Where do you get the best cake?  
Correct, at your granny's! The good news is: We have an entire team of grannies and grandpas baking the best cakes and tartes, hand-made and fresh on a daily basis. Who is in the kitchen on which day is the responsibility of the baking granny in charge. What goes into our cakes is quite simple: only fresh and pure ingredients, baked according to the family recipes of the grannies and grandpas, plus the most important ingredient: a whole lot of love, because – as the saying goes: "The way to the heart is through the stomach" You can select your piece of cake or tarte at the counter from our grannies and grandpas, and have a chat with them if you'd like to.

Our vision as a social enterprise:  
More generations together and a world in which nobody  
becomes lonely in old age or in poverty.

Every human being needs love. And sometimes, a piece of cake from granny. That's why we founded our Vollpension. You are in one of our Generationencafés, where different generations of people get closer through a piece of cake (again), and they bake and create together, in order to provide you, our lovely guest, with a cosy and yummy time in granny's public living room. We are so happy to have you! Your visit and the money you pay for these yummy things contribute to creating additional income and inclusion possibilities for seniors. On behalf of our entire team, oldies and youngsters, we say a warm thank you and welcome you from the bottom of our hearts to Vollpension.
